The address of the Company’s registered office is Cricket Square, Hutchins Drive, PO Box 2681, Grand Cayman, KY1-1111, Cayman Islands, and its principal place of business in Hong Kong is located at 7/F., 822 Lai Chi Kok Road, Kowloon, Hong Kong.

The Company is an investment holding company and its subsidiaries are principally engaged in the sale of baby and children garments.

In the opinion of the Directors, the immediate and ultimate holding company is Joyful Cat Limited (“**Joyful Cat**”), a company incorporated in the British Virgin Islands (the “**BVI**”).

## 2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The unaudited condensed consolidated financial statements of the Group for the three months ended 30 June 2019 (the “**First Quarterly Financial Statements**”) have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards and Interpretations (collectively the “**HKFRSs**”) and the provisions of the Hong Kong Companies Ordinance, which concern the preparation of the First Quarterly Financial Statements. In addition, the First Quarterly Financial Statements include applicable disclosures required by the GEM Listing Rules.

The First Quarterly Financial Statements are presented in Hong Kong dollars (“**HK\$**”) which is the functional currency of the Company’s major operating subsidiaries and all values are rounded to the nearest thousand (HK\$’000) except when otherwise indicated.

The principal accounting policies applied in the preparation of the First Quarterly Financial Statements were consistent with those applied for the consolidated financial statements of the Group for the year ended 31 March 2019 (the “**Annual Financial Statements 2018/19**”), except for the adoption of new or revised standards, amendments and interpretations issued by the Hong Kong Institute of Certified Public Accountants mandatory for annual periods beginning 1 April 2019 as below:

### *HKFRS 16 Leases*

Upon adoption of HKFRS 16, the Group recognised right-of-use assets and lease liabilities in respect of the underlying leased assets unless they qualify for short term leases or the underlying asset is of low value. In the unaudited condensed consolidated statement of profit or loss and other comprehensive income, depreciation was recognised on the related right-of-use assets and interest expenses were recognised on the lease liabilities instead of rental expense. Interest expenses on the lease liabilities were presented separately from depreciation under finance costs.

The First Quarterly Financial Statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

The preparation of the First Quarterly Financial Statements in conformity with HKFRSs requires the use of certain critical accounting estimates. The significant judgments, estimates and assumptions applied in the preparation of the First Quarterly Financial Statements are consistent with those used in the Annual Financial Statements 2018/19.

### 3. REVENUE AND SEGMENT INFORMATION (UNAUDITED)

The Group determines its operating segments based on the internal reports reviewed by the executive Directors, who are the chief operating decision-maker, that are used to allocate resources and assess performance, which are analysed based on business as follows:

Original Equipment Manufacturing (“ <b>OEM</b> ”)	OEM business directly to the overseas brand companies or designated sourcing companies mainly located in Hong Kong, the United Kingdom (the “ <b>UK</b> ”) and the United States (the “ <b>US</b> ”); and
Original Brand Manufacturing (“ <b>OBM</b> ”)	OBM business under our own brand “Mides” and complementary third party brand products through our self-operated retail stores and department store counters in Hong Kong, and wholesale in Hong Kong, the People’s Republic of China (the “ <b>PRC</b> ”) and Macau.

Segment results represents profit or loss before tax by each segment and excludes bank interest income, change in fair value of financial assets at fair value through profit or loss (“**FVTPL**”), directors’ remuneration and finance costs. Unallocated expenses mainly included staff costs, legal and professional fees, repair and maintenance, telephone expenses, travelling expenses, advertising and promotion and motor vehicle expenses. This is the measure reported to the executive Directors for the purpose of resource allocation and assessment of segment performance.

# MANAGEMENT DISCUSSION AND ANALYSIS

## BUSINESS REVIEW

The Group is principally engaged in the sale of baby and children garments by OEM and OBM. The unsettled Sino-US trade war and the Brexit arrangement have brought lots of uncertainties to our OEM customers in the US and UK, which then were very reserved in placing their orders. The local retail market was also cage hooded by a downturning atmosphere due to the unpredictable political wrestling in Europe as well as in the US and the PRC.

## FINANCIAL REVIEW

### *Revenue*

The Group's revenue decreased by approximately 6.0% to approximately HK\$60.2 million for the Period as compared to that of approximately HK\$64.0 million for the three months ended 30 June 2018 (the "**Corresponding Period**"). The revenue of OEM business decreased by approximately 10.7% to approximately HK\$43.9 million for the Period as compared to that of approximately HK\$49.2 million for the Corresponding Period. Such decrease was mainly due to the loss of one of the major customers as compared to the Corresponding Period. However, our sales team has found some new customers to diversify the customer base. The orders from the new customers will become more stable in the coming periods.

The revenue of OBM business increased by approximately 9.4% to approximately HK\$16.3 million for the Period as compared to that of approximately HK\$14.9 million for the Corresponding Period. Such increase was mainly due to increase in number of self-operated shops in Hong Kong, marketing promotion activities in Hong Kong and new retail shops opened in the PRC.

### *Cost of sales, gross profit and gross profit margin*

The Group's cost of sales increased by approximately 2.9% to approximately HK\$38.0 million for the Period as compared to that of approximately HK\$36.9 million for the Corresponding Period. The Group's gross profit decreased by approximately 18.1% to approximately HK\$22.2 million for the Period as compared to that of approximately HK\$27.1 million for the Corresponding Period, resulting from the decrease in the Group's revenue from OEM business. The Group's gross profit margin decreased from approximately 42.4% for the Corresponding Period to approximately 36.9% for the Period. Higher costs of raw materials and production overheads and more discount on the OBM products to attract more customers caused negative impact on the Group's gross profit margin.

### *Expenses*

The Group's selling and distribution costs decreased by approximately 12.7% to approximately HK\$7.5 million for the Period as compared to that of approximately HK\$8.6 million for the Corresponding Period. Such decrease was consequential to the decrease in the Group's revenue. The Group's administrative and other expenses amounted to approximately HK\$17.7 million for the Period and was relatively stable as compared to those of approximately HK\$17.8 million for the Corresponding Period.

### *Loss before tax*

The Group recorded a loss before tax of approximately HK\$5.3 million for the Period as compared to a profit before tax of approximately HK\$0.4 million for the Corresponding Period. Such loss was mainly due to a decrease in revenue from OEM business and higher cost of sales.

## **DIVIDEND**

The Board has resolved not to declare the payment of any dividend for the Period (2018: Nil).

## **SHARE OPTION SCHEME**

As no share option has been granted since the adoption of the share option scheme of the Company, there was no share option outstanding as at 30 June 2019 and no share option was exercised, cancelled or lapsed during the Period.

## **OUTLOOK**

The operating environment for the Group will remain difficult. For the OEM business, the sales team of the Group will find new customers in Europe and the PRC in order to reduce the risk exposure to Sino-US trade war. The range of products manufactured would expand from baby clothing to children's and teenagers' wear so as to catch more sales in the future.

For the OBM business, the Group has opened 10 retail shops through the channels of Kidswant Children Products Company Limited\* (孩子王兒童用品股份有限公司) in the PRC since September 2018. The Group expects to open additional shops and set up the consignment in the coming periods so as to expand the market share in the PRC. Meanwhile, the Group will continue to place more resources to grow the e-business.
